§1 GENERAL INFORMATION

1. Street Dance Showcase is a team category held as part of United Session 2026 on 25 October 2026.
2. The category is organized by Fundacja United Arts, ul. gen. Stefana Grota-Roweckiego 19/46, 93-217 Łódź, KRS: 0001121512, NIP: 7282888186, REGON: 529387156.
3. The category is intended for crews presenting original choreographies based on street dance techniques and creative combinations with other forms of stage movement.
4. The objectives of the category are to promote:
 - street dance culture
 - choreographic creativity
 - quality of performance
 - compositional awareness
 - the artistic individuality of participants
 - the development of young creators and dance crews
5. Participation in the category constitutes acceptance of these Regulations and the general United Session 2026 Regulations in matters concerning organization and safety.

§2 CATEGORIES

Street Dance Showcase is held in the following categories:

- STREET DANCE SHOWCASE 12-17 (MEDIUM LEVEL)
- STREET DANCE SHOWCASE 18+ (MASTER)
- STREET DANCE SHOWCASE 30+

§3 CATEGORY ORGANIZATION AND AGE RULES

1. The minimum age of an individual participant in any category is 12. Age is determined by year of birth, i.e. the age the participant turns in 2026, regardless of the exact date of birth.
2. For the purpose of calculating a crew's average age, each participant's age is the age they turn in 2026.

3. STREET DANCE SHOWCASE 12-17 (MEDIUM LEVEL): crews whose average age is between 12.00 and 17.00 inclusive qualify for this category.
4. STREET DANCE SHOWCASE 18+ (MASTER): crews whose average age is above 17.00 qualify for this category. The name "18+ (MASTER)" refers to the average age of the entire crew, not the minimum age of each participant. Participants aged 12-17 may therefore compete in this category provided that the average age of the entire crew exceeds 17.00.
5. STREET DANCE SHOWCASE 30+: crews qualify for this category if at least 50% of all crew members turn at least 30 in 2026. Where the crew has an odd number of members, the required 50% is rounded up to the next whole person.
6. A crew that meets the requirements for the 30+ category may be entered in either the 30+ category or the 18+ (MASTER) category, at the discretion of the person registering the crew, provided that it also meets the MASTER category requirements.
7. The crew's average age is calculated by adding the ages of all participants and dividing the total by the number of participants. The average is not rounded to whole years. An average of exactly 17.00 qualifies the crew for the 12-17 category, while any average above 17.00 qualifies the crew for the 18+ (MASTER) category.
8. The person registering the crew is responsible for its initial category classification. The Organizer reserves the right to verify participants' ages, the accuracy of the average-age calculation and the compliance of the registration with the relevant category criteria. If a crew has been entered in the wrong category, the Organizer may move it to the correct category. In cases of doubt, the Organizer's decision is final.
9. The minimum crew size is 3 participants. There is no fixed maximum; however, the size of the crew must be appropriate for the technical conditions of the stage and safety requirements. The Organizer may refuse to admit a crew whose size prevents the performance from being conducted safely.
10. Performances take place on a stage measuring approximately 7 m × 12 m.
11. Performance duration must be between 2:30 and 3:30. A technical tolerance of ±5 seconds is permitted. A performance shorter than 2:25 or longer than 3:35 is in breach of these Regulations and will result in disqualification of the crew.
12. The Organizer reserves the right to change the performance order. A crew that fails to appear at the designated time and has not informed the Organizer or hosts in advance of a justified reason may be disqualified.
